

Order Form 4 (for an additional test)

*Apart from the DNA-test (according ISAG 2006) several other tests are possible.
Please mark with a cross which other test the breeder wants to be carried out.*

0 PRA-pred

0 Von Willebrands Disease Factor I

0 Coat Colour Factor

Confirm test:

Remarks:

In case new samples are needed the puppy/dog will be swabbed twice.

Please seal the swab with the sticker (the full name and microchip number of the swabbed puppy has to be filled in). Please write legible or use the microchip number stickers of the puppy/dog. Complete this form twice and sign all pages in the appropriate boxes.

One set of forms has to be sent together with the swabs to the Dr. Van Haeringen Laboratory. The other set of forms (the copies) have to be sent to ALFA-Europe.

(The stored sample of) the following dog will be tested
